Opera Community Connect

Who We Are

Opera Workshop is Ireland's newest opera company, based in Limerick. We are a not-for-profit company that commissions new works and re-imagines familiar operas, mounting productions in unexpected places and in unexpected ways. Our unique ensemble approach to making opera inspires artists who want to work with us and excites audiences, many of whom experience opera for the first time. We are proud that our work stimulates new perceptions of opera: what it is and who it is for.

As champions of opera, we engage with other arts organisations, artists and emerging talent. We believe in sharing what we know and deeply value the ideas and learning we gather in return.

In addition to our productions, we have a community outreach initiative called Opera Community Connect. This programme focuses on bringing opera to those who typically can't attend our performances. The immediate benefits of this program are evident in our local communities, fostering a deeper connection and appreciation for the art form.

Made in the Mid-West

Opera Workshop is proudly the sole opera production company in Limerick and the Mid-West.

Songs for Life - Opera Community Connect

Committed to breaking barriers and redefining the boundaries of opera engagement, our Opera Community Connect program seeks to extend its influence to diverse audiences. Guided by the ethos of delivering opera in unexpected places and in unexpected ways, this program aims to inspire potential artists, captivate audiences who may not be able to attend our productions, bring joy and foster new perceptions of opera.

Our Opera Community Connect Songs for Life concerts aim to overcome barriers to traditional performances by reaching those who may be isolated due to illness or limited mobility.

- Through live music, we strive to bring joy and vitality, particularly to individuals with dementia and Alzheimer's.
- Our program seeks to evoke memories, stir emotions, and provide fun, making opera accessible to everyone and fostering community connections.

Studies have shown that live music can help in many ways including:

Improves Cognition in those with Dementia

Improves Socialisation Skills

Evokes Autobiographical Memories in Alzheimer's Patients

Helps Ease Depression, Stress & Anxiety

Partner With Us

As a not-for-profit organisation, we depend entirely on funding and sponsorship opportunities. We are seeking partners to support us in our efforts to make a difference through our Songs for Life Opera Community Connect programme, designed specifically to enhance the well-being of elderly audiences through the enchantment of opera.
